Coldwater High School Varsity Bowling Program

Overview

Bowling is the fastest growing high school sport in the nation. Now with 340+ participating schools, it is also the fastest growing high school sport in Ohio. The Ohio High School Athletic Association (OHSAA) has given recognition to boys bowling and girls bowling as recognized, interscholastic sports.

Coldwater High School has 4 bowling teams; varsity boys, varsity girls, junior varsity boys, and junior varsity girls. Coldwater High School bowling program competes in the West Ohio High School Bowling Conference (www.wohsbc.com)

Bowling is a winter sport (Nov.- March). CHS has "open" tryouts to which all CHS students, new and experienced, are invited. Team selection is based on talent, coachability, a "team-first" attitude, and willingness to learn new skills.

The Coldwater boys won the state championship in 2007 and 2012 and the girls won the state championship in 2012. Many of our athletes have become successful collegiate bowlers and have attended college as bowling scholarship recipients. Over 200 colleges and universities have bowling programs and bowling is recognized as a women's intercollegiate sport by the NCAA and as a men's and women's intercollegiate sport by the NAIA.
